

## ITE AND EBTE JOINT TECHNICAL WORKSHOP: An Insider's Look at the California MUTCD

Thursday, May 12, 2005

On May 20, 2004, the California Department of Transportation adopted the Federal Highway Administration (FHWA)'s Manual on Uniform Traffic Control Devices (MUTCD) 2003 as amended by the MUTCD 2003 California Supplement, to prescribe uniform standards and specifications for all official traffic control devices in California. These two standards supersede and replace all the traffic control device topics in the 1996 Caltrans' Traffic Manual. Don't miss this opportunity to find out how the MUTCD and California supplement affect the signs and markings and when and how you will need to start making changes. This joint ITE/EBTE workshop will help you transition to MUTCD and California Supplement.

### SPEAKER

**Johnny Bhullar** is a Senior Transportation Engineer with Caltrans' Division of Traffic Operations in Sacramento.

### SCHEDULE

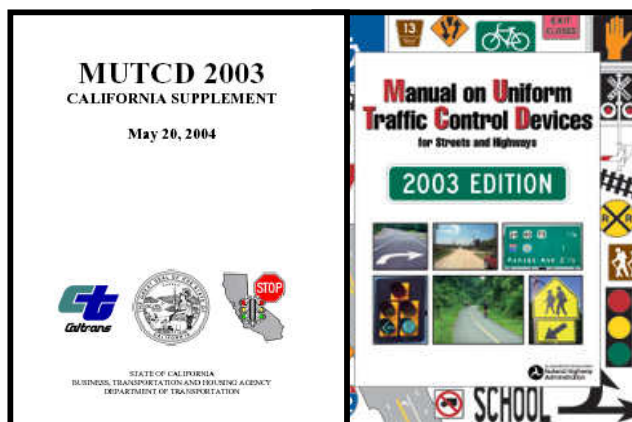

1:15 p.m. Check-in, Snacks and Refreshments  
1:30 p.m. Introductions and Presentation
