

Transit Oriented Simulation – AIMSUN and VISSIM

Thursday, January 19, 2006

Featuring Presentations By

*THOMAS BAUER, President, PTV
America*

*JIA HAO WU, Senior Associate, TJKM
Consultants*

Transit-related studies including Bus Rapid Transit (BRT), Light Rail Transit (LRT) and Multimodal Transit Terminals are becoming increasingly popular. Tools to evaluate traffic networks with transit operation are a vital necessity. This session presents an overview of the existing traffic simulation models (AIMSUN and VISSIM), demonstrating the applicability of each in transit-related simulation.

We have gathered a panel of experts to talk to us about the software capabilities, hands-on experiences, lessons learned and helpful tips. Brief presentations will be followed by a question-and-answer session.

MEETING LOCATION

Silver Dragon Restaurant

835 Webster St (between 8th and 9th)
Oakland, California
Phone: 510.893.3748

Transit Access: Via BART at 12th Street or Lake Merritt Stations or via AC Transit (www.511.org)

Parking: Fee parking available in the Pacific Renaissance Plaza on 9th Street. Entrances located on Franklin and Webster Streets.

LUNCHEON SCHEDULE

11:30 a.m. Check-in & Social Time

12:00 p.m. Presentations followed by Q&A

1:15 p.m. Meeting Adjourns.

LUNCH PRICES

\$5 Students, \$25 Members, \$35 Non-Members
