

*B*ijan Sartipi has been with the California Department of Transportation for over 25 years. He has been the District 4 Director covering Bay Area since 2002.

As District 4 Director, Sartipi is responsible for overseeing Caltrans operations in the nine Bay Area counties covering 7600-lane miles of highway, including seven state owned toll bridges, with close to 3800 employees, an annual budget of \$480 million for salary and operating expenses, and a current construction program exceeding \$4.1 billion.

A graduate of the University of the Pacific (UOP) in Stockton with a degree in civil engineering, Sartipi a registered civil engineer, has extensive experience in design, project management, as well as the capital program delivery.

Sartipi has been involved in the design and delivery of major transportation improvement projects in the Bay Area, such as the Hoffman Freeway, the I-80 operational improvement project in Contra Costa County, improvements on the Highway 101 auxiliary lanes, the Devil's Slide Tunnels project in San Mateo County, the Central Freeway in the City and County of San Francisco, and the San Francisco International Airport expansion project's ramps and roadway improvements.

Sartipi serves as Commissioner of the Metropolitan Transportation Commission representing the Business, Transportation and Housing Agency. Sartipi is on the Board of Director of the Transbay Joint Powers Authority and serves as an alternate Commissioner of the Bay Conservation Development Commission. Sartipi is also a member of the American Society of Civil Engineers.
